

# Three Unique Products... For Extra Productivity

## Practical Devices to Make Fulfillment Easier

**Helpful Units.  
Less Hassle.**

### **Tape Shooter® 404**

#### **Rugged, Reliable Tape Dispenser**

With its modern, sleek styling, the Tape Shooter 404 tape dispenser simplifies the specialty sealing process. This lever-operated system is ideal for food services and wrapping applications, like pizza restaurants, sandwich shops and deli counters.

#### **Features & Benefits**

- Durable design delivers years of reliable service
- Unit handles up to 500' rolls of 35 lb., 3/4" to 1-1/2" wide "gummed-side out" paper tape
- Guillotine sheer blades provide clean cutting
- Enclosed water reservoir with brush design ensures proper activation of tape adhesive

# Tape Shooter 404

### **Packer 3S®**

#### **Special, Small, Pull & Tear Tape Dispenser**

Excellent for low-volume use with non-reinforced, water-activated tapes, the Packer 3S is superior to all other "pull-and-tear" dispensers.

- Unique "subway feed" provides uniform tension to aid in tape moistening and ease of operation
- Accepts rolls of tape from 1" to 3" wide (2.5-7cm)

### **BP-6®**

#### **Label Moistener**

Convenient and easy-to-use, the BP-6 makes label moistening faster with less mess. The label moisturizer is perfect for use in shipping and production areas, as well as an office or mail room environment.

- Internal water reservoir for simple refills
- Special brush and metal guide for even moistening
- Uses labels up to 6" wide
