

Benefits - Value

- Solid Bottom / No tape
- Double wall sides greatly improves stacking strength and allows for reducing board weight while maintaining integrity
- THATBox™ design typically reduces board area which means cost savings
- No longer "Pre-building" boxes to prepare for production
- Returnable / Reusable
- Eliminates dangers of "knifing" open boxes to break them down for recycling/disposal
- THATBox™ design specialist available for site visits to help identify savings through out the supply chain
